Judge Alsop,

I wanted to let you know I would not be at any of my son's, Luke Brugnara's, hearings because I am ill. I have Colon Cancer & am in the mist of treatment. I let you know this not for sympathy, but that I would be there to support Luke if

it were possible.

So here we are again,
my writing to you once
more, asking the court
not to send Luke to jail or
prison once again. He was
in a horrible prison for
over 2 years and most of that
time was spent in the Shu.
Now, when he was out, he
was arrested for what? I'm
still not clear on this -
for saying he will buy
expensive paintings when

he has no money to do so? Why would an art dealer mail paintings to someone who did not pay for them, nor any contract signed? Some-thing is not right.

I know Luke should not have even indicated to this art dealer that he was interested, but his mistake is his thinking process - not any criminal act.

Please don't send Luke to
prison again. Nothing will
be accomplished but gross
suffering for my son and
his family.

Thank you for your time.
